## 15 - STANDARD ON VEHICLE DRIVING REGULATIONS AND TRAINING

*PURPOSE: To ensure safe and defensive driving is being performed*

*SCOPE: All Personnel*

New members will complete a minimum of 8 hours of driver training before being allowed to drive the apparatus. This training will be conducted by one of the Chief Officers or by a member appointed by the Chief Officer. This will insure that the individual is knowledgeable in the operation of the apparatus.

All existing members shall be kept up to date on all changes in the operation of the apparatus and must operate the apparatus at least 1 hour per month and perform an EVOC test annually.
