

Pinion Pine Fire

Standard Operating Procedure
2012/13 revision

22 - STANDARD ON TRAINING

PURPOSE: Training policy to be expected

SCOPE: All Personnel

The Pinion Pine fire District shall have a training policy that will ensure safe and proper emergency scene management.

1. All structure firefighters must train monthly to ensure compliance with safe practices.
2. All driver/engineers must become totally competent in the operating of all emergency apparatus and the SOP's of the Pinion Pine Fire District.
3. As a fire district, we must train as a team to be able to make the proper decisions. It is the member's responsibility to become involved in training. It is the Chief's responsibility to delegate members to roles as structure firefighters and driver/engineers. And it's the Chief's prerogative to remove members from those positions because of performance or lack of training.
