

# Pinion Pine Fire

Standard Operating Procedure  
2012/13 revision

## 32 - STANDARD ON SAFETY POLICY

*PURPOSE: Overall Safety policy*

*SCOPE: All Personnel*

- Each firefighter and driver/engineer shall know and be able to operate the fire apparatus safely and according to the districts procedures for their own safety as well as those affected by their actions.
- All personnel are to perform all tasks with all precautions possible.
- All personnel are to operate all apparatus and privately owned vehicles with care, reason and prudent.
- Full turnout gear is required at all times unless otherwise stated by the officer in charge on an emergency scene.
- Engineer/drivers must be required to demonstrate operation of all equipment quarterly.
- Any firefighter who has consumed alcohol and/or prescription medications or over the counter drugs that could impair the firefighter's ability to do the job safely shall not respond to the call. Violation of this SOP shall be grounds for immediate termination.
- All injuries or damage shall be reported to the officer in charge.
